

## LISTING OF FIRE MITIGATION CONTRACTORS

This list has been put together to assist Eagles Nest homeowners who are looking for fire mitigation contractors. Eagles Nest Property Homeowners Association (ENPHA) does not endorse, recommend, or assume any responsibility or liability regarding association members contracting with one of the companies listed below or with any other company our members may desire to contract. Members may want to ensure any contractor they hire is bonded and insured. Although some of the addresses indicate company locations out of the area, they do work in our area.

The contractors listed below sent us an e-mail that goes into more detail regarding their company and capabilities than printed below. If you would like a copy of their e-mail, please contact Jim Ernst (970-4168-0626) [HYPERLINK "mailto:jimcindyernst@hotmail.com"](mailto:jimcindyernst@hotmail.com) [jimcindyernst@hotmail.com](mailto:jimcindyernst@hotmail.com).
